STANNO

MISSION - VISION - VALUES

MISSION - WHAT WE STAND FOR

Stanno is a dedicated teamwear brand that offers a wide range of sportswear for teams and individuals, as well as all sorts of sports equipment.

Stanno aims to create products that support the athlete's momentum. For the brand it's all about defining moments. Stanno strongly believes that everyone, every athlete, regardless of his or her level, can experience true moments of glory.

Our mission is to create essential sports products that support everyone, every athlete, regardless of his or her level, in experiencing moments of glory.

VISION - WHAT WE AIM FOR

Our vision is to become the first brand in the athlete's mind when it comes to moments of glory.

VALUES - WHAT WE BELIEVE IN

Product is king

Stanno aims to transmit the love of sports through products that meet the Stanno design philosophy: Function. Form. Attitude. In that exact order. For Stanno, product is king. It is the specialty of Stanno to provide extensive collections of interest to every athlete, on the one hand, and, on the other, to develop tailored, high-tech products for specific groups of athletes. The brand is dedicated to create quality every day, driven by a firm belief in the winning connection of versatility and innovation.

Sport is our passion

Sport is in the core of our DNA. The love of sports is reflected in everything we do, from our design philosophy to our development and marketing. It's our inspiration domain. In sports it is all about momentum. The tipping point where the hard work comes together, the powerful dynamic around a defining moment.

AREZZO

The Arezzo shirt is a traditional Stanno design: powerful, with strong accentuated lines. The back of the shirt is unique, completely finished in mini mesh fabric. A smooth, fine type mesh that ensures optimal comfort while playing/training. Mini mesh is also subtly featured in the finish of the collar.

Backside is made entirely of mini mesh fabric.

VERY SUITABLE FOR PRINTING.

Dealer takes care of printing.

LIGA

The popular Stanno Liga Shirt is inspired on a contradiction. It's a design that contains two elements: the round shapes of retro and the angular shapes of modernity. This results in a modern looking two colour shirt with a classic design.

Elastic mesh panels under the arms for an extra supple and airy feel.

VERY SUITABLE FOR PRINTING.

Dealer takes care of printing.

GOALKEEPERS

NITRO

There is not a player who comes into contact with the ground as often and as hard as the goalkeeper. Padding is therefore an indispensable part of the goalkeeper's equipment. On the Nitro shirt, extra long padding is used on both sleeves.

Printed lines on the upper arms.

VERY SUITABLE FOR PRINTING.

Dealer takes care of printing.

COMO REFEREE SHIRT	59

REFEREE / LINESMEN

ANCONA

The physical effort by referees in a match is equal to a heavy interval training. The need for sweat-wicking clothing, that prevents cooling down too much on moments of rest is important. The Ancona shirt ensures optimal moisture removal and thanks to the ventilating mesh panels, the shirt feels light and airy.

Small piping on the chest pockets.

VERY SUITABLE FOR PRINTING.

Dealer takes care of printing.

PRESTIGE COLLECTION

With the Prestige team line, Stanno takes the athlete to the next level. The collection has a modern feel, marked by clean, fast lines for an athletic look and with subtle tone-on-tone colours. A perfect fit, quality materials and subtle details finish it off.

PRESTIGE

The Prestige Poly Suit is a 100% polyester knit with a casual appearance, which offers durability. The jacket has a comfortable fit, features an elasticated hem and cuffs and has a soft inner and a slightly longer back. The finish and detailing of the pants, such as the bent knee insert and elastic rib material on the lower leg, ensure a perfect fit. The bottom of the pants has long zips, for easy fitting and removal.

Subtle tone-on-tone colours on the shoulders and sleeves.

SPORTS EQUIPMENT

GOALKEEPERS GLOVES

One of the main features of goalkeeper gloves is the way in which the gloves are stitched. This determines the ball control, grip and comfort.

FOAM MATERIAL

 HYPER FOAM	Hyper foam provides an excellent grip in both dry and wet conditions. In wet conditions the moisture is absorbed by the foam which greatly improves the grip.
 AQUA FOAM	Aqua Foam offers optimal grip in wet conditions. The soft and more open foam structure takes up water, which - in comparison to other types of foam - provides a 25% better grip. Additionally the Aqua Foam gloves contain an extra shock-absorbing function to reduce the impact of hard shots. The changing needs of professional keepers require that the characteristics and quality of the foam continually develop.
 SUPER SOFT PROFI FOAM	Super Soft Profi Foam has excellent properties for grip in both dry and wet conditions, and it also offers excellent cushioning. The use of the latest materials ensures durability and optimal comfort.
 SOFT FOAM	Soft Foam provides a reliable grip and excellent cushioning. Soft Foam ensures maximum ball control and optimal comfort.

FOAM PROPERTIES

	GRIP DURING DRY WEATHER CONDITIONS The adhesive properties of the foam are decisive for an optimal grip and the best performance. The weather is a big influence on the properties and performances of the foam material. Playing during dry weather requires specific foam components for optimal results.
	GRIP DURING WET WEATHER CONDITIONS Moisture, rain and wet conditions affect the grip and require additional components for a better grip. A softer and more open foam structure absorbs the water and is very suitable for wet weather conditions.
	CUSHIONING As well as grip, cushioning is an important factor in determining the most suitable goalkeeper gloves. The softer and thicker the foam, the better the impact of the ball can be absorbed. Also the thickness of the basic material of the gloves determines the amount of cushioning.
	ABRASION RESISTANCE Foam is a very soft material that needs special treatment. Regular ball contact leads to wear and tear of the foam. The degree of wear is determined by the surface structure and the density of the foam material. A more coarse and closed foam structure will lead to less wear.

FOAM RATING

	 HYPER FOAM	 AQUA FOAM	 SUPER SOFT PROFI FOAM	 SOFT FOAM
 Grip dry weather	★★★★★	★★★★★	★★★★★	★★★★★
 Grip wet weather	★★★★★	★★★★★	★★★★★	★★★★★
 Cushioning	★★★★★	★★★★★	★★★★★	★★★★★
 Abrasion resistance	★★★★★	★★★★★	★★★★★	★★★★★

**Finger protection.** Firm, flexible strips on the upper side of the fingers provide good protection against injuries in contact with the ball. The flexibility of the strips guarantees that suppleness remains guaranteed while throwing, punching and catching the ball.

**Rubber patch.** Gloves for artificial grass and other hard surfaces are provided with a rubber patch on the inside of the hand. The patch is placed on the part of the glove that most often comes into contact with the ground. This improves the wear resistance of the glove.

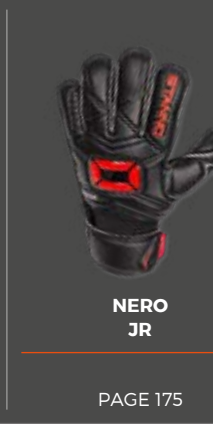

**OPF design.** The Volare Pro is equipped with the innovative One Piece Fit design. The supple, lightweight material of the wrist strap runs over the upper hand and provides an even better connection around the skin. The OPF design also results in an extra light glove.

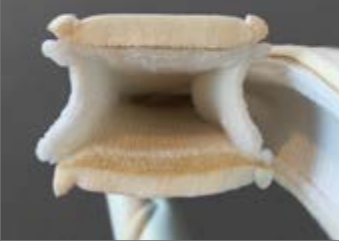

Rollfinger-model

With the **roll finger system**, the finger is completely surrounded by foam, without stitching. The magnification of the grip surface that is created in this way, allows for optimum grip on the ball.

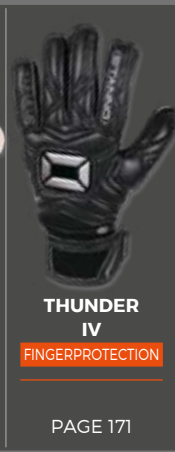

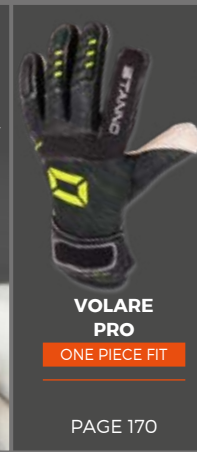

Flathand, positive

In a **flathand** glove, with **positive stitching**, the stitched seams are applied to the outside of the fingers, increasing the foam surface and creating a larger area for catching the ball.

Flathand, negative

In a **flathand** glove, with **negative stitching**, the stitched seams are applied to the inner side of the fingers, making the glove fit more tightly around the fingers, and increasing the control on the ball.

Hybride

In case of a **hybrid** glove, the advantages of the **roll finger system** and **flathand (positive stitching)** are combined. With the roll finger system, the finger is completely surrounded by foam, without stitching. The stitched seams are applied to the outside of the fingers. The magnification of the grip surface that is created in this way, allows for optimum grip on the ball.

VOLARE PRO
SENIOR PROFESSIONAL GOALKEEPERS GLOVE

Sizes: 7 - 7.5 - 8 - 8.5 - 9 - 9.5 - 10 - 10.5 - 11 - 12

MATERIAL

<div>CLIMA TEC</div> <div>HIGH TECHNICAL FIBRE</div>	ClimaTec material is a comfortable, warm, light-weight material, fast drying and easy to maintain. The advanced microfibres transport the body fluids and keep you comfortable in many weather conditions.
<div>WOVEN TEC</div> <div>MICRO FIBRE</div>	WovenTec increases the wearing comfort and provides a soft feel. The material has a luxurious appearance. WovenTec products are not only functional during sports activities but also perfectly suitable for presentations.
<div>POLY TEC</div> <div>POLYESTER</div>	PolyTec has a thermal effect and is easy to wash, which simplifies maintenance. It protects against cold wind and is a great combination of a functional and durable product.
<div>COATED</div> <div>SPECIAL COATING</div>	Coated articles with taped seams, including rain gear and all-weather jackets, are finished with a special coating. Depending on the type of coating the articles are waterproof, windproof or water-repellent.
<div>POLY- ESTER</div> <div>HIGHLY ELASTICATED FIBRE</div>	Extra elastic polyester gives our socks an even better fit. It also provides extra stretchability, making it easier to place the shin guard underneath.
<div>POLY- PROPYLENE</div> <div>LIGHT THERMAL FIBRE</div>	Polypropylene is a thermal fibre with the lowest specific weight available. It is moisture-resistant and moisture-transportable. Polypropylene is 100% real colour, non-shrinking and recyclable. It gives perfect comfort to your feet and avoids skin irritation. Stanno specifically uses polypropylene for high quality sports socks.
<div>COMFORT TEC</div> <div>HIGH COMFORT</div>	ComfortTec material is a very comfortable material. It keeps the body warm with its soft brushed inner.
<div>MOTION TEC</div> <div>HIGH COMFORT</div>	MotionTec material is comfortable, lightweight and tight fitting because of the yarn used and the knitting technique. The fabric has a high stretchability because of the high level of elasticity in the product. It's functional and durable, perfectly suited for indoor sports.
<div>DURA TTS</div> <div>100% POLYESTER</div>	TTS is a highly functional and durable material. Extremely suitable for strenuous exercise. The material is easy to wash which simplifies maintenance.

On photographic reproduction and print some colour changes may occur between pictures and original products. We reserve the right to make product/technical changes (in design, colour, function and material), which we feel, will make for improvement of the product. We will not accept any responsibility for printing errors in the catalogue! All Stanno products are suitable for printing, front or back.

Garment care: Stanno products are made to the highest standards and are subject to strict quality control procedures. Garments however can discolour due to substances such as mud and grass, liniment or oil, and of course perspiration, all of which may not be fully removable by washing. The extent of discolouration can be greatly reduced by following a few simple procedures. Soaking and/or washing of the garment in water and detergent as soon as possible after use can reduce discolouration, using at least the same volume of water as the garment being treated. Always follow detergent manufacturers instructions, especially those intended to tackle heavy stains and avoid products containing bleach. Stanno International cannot accept any liability for discolouration or damage to garments resulting from staining caused by elements foreign to the materials used in manufacture.

All catalogue prices are recommended prices inclusive of VAT. The copying of products, in whatever form that may take, is forbidden without the prior written consent of Stanno International. Stanno International reserves the right to modify product specifications and prices at any given time.

SOCKS

CHILDREN

CLOTHING			
Height (cm)	Chest (cm)	Waist (cm)	Hips (cm)
104	52 - 56	50 - 53	55 - 58
116	57 - 61	54 - 57	59 - 62
128	62 - 68	58 - 61	63 - 66
140	69 - 75	62 - 66	67 - 71
152	76 - 83	67 - 71	72 - 76
164	84 - 92	72 - 76	77 - 81

These sizes are only to be used as a guide. Careful attention should be paid to garment with a "Slim Fit" icon which are obviously a smaller, slimmer fitting.

Sampling is strongly advised if you are unsure about sizes. We cannot accept any liability or return of goods, if garments are decorated and then found to be unsuitable.
